

United Soccer of Auburn is excited to announce a new partnership with the New England Revolution Academy. This season we are bringing the development to our coaches and players at the time of their normal practices. We will have Academy coaches at our fields 3-4 times a week to meet and work with our coaches and players. The New England Revolution Academy will be providing high level coaches to help educate, connect, and inspire the coaches and players of Auburn. This work is going to be tailor-made to the level of coach and player.

**Preseason** - season kick off with all in town coaches

**U4 & U5** - Season kick off, midpoint check in on Saturdays and weekly practice plans for all teams.

**U6** - Academy coaches will provide practice plans and be at the Wednesday sessions, rotating through the teams each week.

**U7/U8** - Academy coaches will provide weekly practice plans and work with individual coaches and teams every 1-2 weeks.

**U10** - if space is available we will work U10 teams into the rotation

**EDUCATE . CONNECT . INSPIRE**

## VISION OF PROGRAMS

The Revolution Academy is founded on three pillars that guide our direction, philosophy, vision and definition of success: Educate, Connect, and Inspire.

The Academy's goal is to teach and develop players in an environment that is always challenging, professional, competitive, and fun. We strive to develop an understanding of Academy's connection with the New England Revolution as a club.

All of our coaches are driven to inspire players to realize their full potential and be the best player they can be.
