

# The Sideline Report - January 2022

## We asked, you responded!

Survey results from our first annual USA survey have been analyzed. As we mentioned when we solicited your input, our goal is to use this to improve the overall program. We had 129 responses! Thank you for that! The responses were very informative, and we take the input seriously. We recognize that there is always room for improvement and, as an organization, we always try to do just that.

Below are the results of 2 of the questions that are very important to us: (1) What has the overall soccer experience been for your child? And (2) Why does your child play?

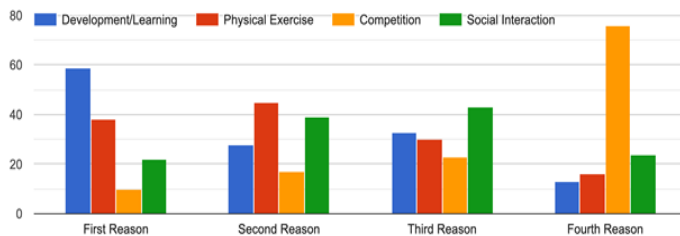

89% of responses stated that the experience was EXCELLENT (28.7%) or GOOD (60.5%).

The overall soccer experience for my child/children has been \_\_\_\_\_

Below, the reasons a child plays indicated that Development/Learning and Physical Exercise were the top 2 reasons.

The reason my child plays in USA is \_\_\_\_\_ (rank in order of most important to least)

As we move into 2022 we will be focusing on new ways to provide development for both coaches (see below) and for players. Stay tuned for more.

## Uniforms and Gear

Need to order gear or a travel uniform? [Go here](#)

	Jersey	Shorts	Socks	Ball Size
U4	Provided	N/A	Provided	1

- Mar 21 - Travel practices can start, dependent on field conditions
- April TBD - U8 practices can start
- April 9 - Travel games begin
- April TBD - In Town games begin
- May 7 - PreK - Grade 2 Picture Day

## Coaches Corner

Ask us how you can sign up to coach!

We are always in need of coaches. While there is work involved, did you know that for every season you coach, your child plays free? We provide all equipment and practice plans as needed and pay for coaches to go to training. Check out [opportunities here](#).

If you already signed up to coach, don't wait and get started on your [annual certifications here](#). These need to be done before you can be on the field with the players.
